EBASA HULLUKA

Software Developer

ABOUT ME

I am a 4th-year Software Engineering student at Jimma University with strong interest in full-stack web development. I have practical experience with React.js, Next.js, Node.js, Express.js, MongoDB, and SQL, along with basic knowledge of machine learning and video editing skills. I am a fast learner, problem solver, and motivated to build efficient and user-friendly applications while continuously improving my technical skills.

EXPERIENCE

Debo Engineering- Internship

- Full-Stack Developer Intern focused on building and improving web applications.
- Developed a Project called Project Management System using Node.js, Express.js, and MongoDB to manage tasks and improve workflow tracking.

Jimma University -Projects

- Completed multiple small software development projects during university studies.

Gelan Boys Boarding School -Video Editing

- Created and edited educational and creative videos for digital platforms.

CERTIFICATIONS

- HP LIFE – Introduction to Cybersecurity Awareness (HP Foundation)
- freeCodeCamp – Web Development Certification
- Udacity – 4 Million Coders Program (Web Development Track)
- Hackathon Participant – Top 10 Finalist, Jimma University
